

16 September 2019

Dear Parents and Carers,

We are starting our 'Finger Strong' activities on Wednesday. The aim of these activities is to help the children to build up the strength in their fingers to help with their fine motor skills (holding a pencil etc).

When your child comes into class on Wednesday, please help them to register with their photo as normal then help them to settle at an activity where they can see a yellow hand card. We will have shown these to the children so that they will be familiar. There will be several different activities. They do not need to stay at the same activity but they do need to work where there is a yellow hand.

Please help us to make this run smoothly by explaining to your child at home what they need to do and reinforcing this when they come into class so that they understand. This will now be the routine for the rest of the nursery year.

Thank you very much for your continued support

Mrs Foster and Miss Cannon
